About the KIPPRA Quarterly Market Analysis Report

The KIPPRA quarterly market analysis report is one of the Institute’s policy intelligence publications that focuses on reviewing trends in performance in the real sector (gross domestic product, price movements, production, consumption); international markets (commodity markets, exchange rates, remittances); money market (interbank, treasury securities, banking sector performance, monetary policy); fiscal performance; capital markets; and risk related factors in Kenya’s economy and selected global markets in each quarter, with a view to identifying policy-related dimensions.
