Welcome to the Data Compendium
This is a unique website that integrates data for the following Ministries in Kenya: (1)Agriculture, (2) Livestock (3)Fisheries Development; and (4)Co-operative Development and Marketing. This is made up of an easy to use database holding data for the period 1980 to 2007 (for some, data dates back to 1963). The data captured covers national, provincial and districts figures. The data has been classified under 6 Volumes as shown below. To view the data, click the [Browse Database](#) link..

The Kenya Agricultural Sector Data Compendium is a unique dataset that integrates data for the following Sectors in Kenya; (1) Agriculture, (2) Livestock and Fisheries Development; and (3) Co-operative Development and Marketing. This is made up of easy to use database holding data for the period 1980 to 2006 (for some, data dates back to 1963). The data captured covers national, provincial and districts figures.

The data was compiled with contributions from; John Omiti (KIPPRA), Nicholas Waiyaki (KIPPRA), James Kirigwi (Ministry of Agriculture), Nancy M. Muthoka (KARI), Alex Wambua (Ministry of Agriculture), Rajab Obama (Ministry of Livestock and Fisheries), Samuel Gicheru (Ministry of Agriculture), Paul Nderitu (KNBS), Maingi Maundu (Ministry of Co-operative Development and Marketing), James Kagwe (KIPPRA) and Muthoni Masinde (SCI, University of Nairobi). We would like to thank the Ministry of Agriculture for providing funding to under take this project. Special thanks to the Ministry of Livestock and Fisheries Development, Ministry of Cooperatives Development and Marketing and the Kenya National Bureau of Statistics who assisted the team to access annual reports for various years.

The data is jointly owned by KIPPRA and the Ministry of Agriculture. Authority to use (acquire user rights) the data can be obtained from the the Executive Director, KIPPRA or the Permanent Secretary, Ministry of Agriculture.
