

# Policy Brief

# **MSEs' Business Environment in Taita Taveta County**

### Introduction

The County Business Environment for MSEs (CBEM) framework has been developed to monitor key issues that require policy interventions in creating an enabling environment for the Micro and Small Enterprises (MSEs) sector in counties. The framework covers four key areas affecting the operations of MSEs: Worksites and adequacy of their infrastructure; Market environment; Financial and technical capacity; and Governance and regulatory framework. This brief indicates the business environment for MSEs in Taita Taveta County.

# Taita Taveta County Demographics and Outputi

- Total population, 340,671; Female, 49.1%
- Contribution to total GDP: Average 0.7% for the period 2013-2017
- Contribution to Gross Value Added: 0.7% in 2017

 Sectors driving growth in economic activity: Manufacturing (0.2%); Agriculture (39%); and Services (57%)

# Importance of MSEs and Challenges<sup>ii</sup>

### **IMPORTANCE**

### **CHALLENGES**

# 1999

Employed 50.0% of working population

Contributed 18.9% of GDP

2016

Employed 81.0% of working population

Contributed 24.7% of National output and 23.6% Gross Value Added

Due to poor business environment MSEs in Kenya are faced with challenges of:

Low survival rate of MSEs

Limited skills

Capital and workspaces

Informality

Low productivity

# **MSEs' Business Environment**

All the scores for MSEs' business environment are drawn from the CBEM (KIPPRA, 2019). The MSEs' business environment is measured using the following: Worksite and related infrastructure; Market environment; Financial and technical capacity; and Governance and regulatory framework. The scores range between lowest (0) and highest (100). Taita Taveta County scored a total of 28.3.

Figure 1: Taita Taveta County scores

### **Worksites and Infrastructure for MSEs**

Access to worksites: 64.4

**Scores** 

- Electricity connection: 57.0
- Water connection: 46.4
- Access to common manufacturing facilities: 24.7
- Availability of public toilets: 35.3
- Waste management services: 14.1

### Constraints

- Inadequate designated areas for waste disposal
- Insufficient worksites
- Lack of adequate tools, machinery and equipment
- High electricity and water connection costs
- Frequent power outages
- Insufficient public toilet facilities
- Inadequate common manufacturing facilities

# **Market Environment for MSEs**

### **Scores**

Road infrastructure: 32.4

Access to physical markets: 33.1

Access to Government Procurement

Opportunities (AGPO): 14

Fair competition: 7.6

### **Constraints**

Poor road infrastructure

Unfair trade practises manifest through; contract enforcement, counterfeiting, dumping (substandard goods) and misrepresentation (through weight, price, ingredient).

Low uptake of AGPO due to information asymmetry and informality

# Financial and Technical Capacity for MSEs

### **Scores**

- Training (capacity building) for MSEs: 8.7
- Knowledge and skills mapping: 44.9
- MSEs survival rate: 3.6
- Access to digital finance: 0.9
- Innovations: 0.1
- Patenting: (-)

# Constraints

- Fragmentation due to multiplicity of players who offer training and capacity building
- · Low uptake of digital finance
- Lack of a training and apprenticeship programme for artisans
- Lack of training needs assessment for MSEs
- Lack of Monitoring and Evaluation of training programmes
- High cost of doing business

# Governance and Regulatory Framework for MSEs

### **Scores**

- Licensing and issuance of permits: 40.9
- Self-regulation: 74.7
- Crime and public security: 35.3
- Corruption and governance issues: 27.0

### **Constraints**

- Multiple licences and permits
- Corruption
- Misallocation and exploitative tendencies within the worksites

# Way Forward in Creating an Enabling Environment for MSEs

### a) Worksite and Adequacy of Infrastructure

- Work with Micro & Small Enterprises Authority (MSEA) and other relevant agencies to facilitate acess to common manufacturing facilities.
- Enhance provision of sanitation and waste dsposal facilities to worksites and market centres.

# b) Market Environment for MSEs

- Collaborate with the Anti-Counterfeit Agency and Kenya Revenue Authority) to curb counterfeits and dumping of goods.
- Collaborate with the AGPO secretariat to promote and enhance sensitization of MSEs on this affirmative action to increase uptake.

# c) Financial and Technical Capacity for MSEs

- Collaborate with financial sector players such as banks, SACCOs and micro finance institutions in targeting MSEs through financial innovations with an opportunity to penetrate and deepen financial services.
- Collaborate with relevant training institutions such as Kenya Institute of Business Training and National Industrial Training
  Authority to enhance provision of relevant entrepreneurial training and technical training, apprenticeship and certification
  programmes to MSEs.

### d) Governance and regulation framework

• Collaborate with MSEA and Ethics and Anti-Corruption Commission to root out misallocation and exploitative tendencies within the worksites.

### End notes

Gross County Product 2019 and Kenya Population and Housing Census, 2019

"KNBS, Various

### **About KIPPRA Policy Briefs**

KIPPRA Policy Briefs are aimed at a wide dissemination of the Institute's policy research findings. The findings are expected to stimulate discussion and also build capacity in the public policy making process in Kenya.

KIPPRA acknowledges generous support from the Government of Kenya, and development partners who have continued to support the Institute's activities over the years.
